Beaver Boy State School

Ralph Adams, Jr., of Langlois, sponsored by Curry Post, American Legion, attended the Beaver Boy State School held at the Hill Military Academy plant in Portland last week. This school in practical citizenship follows the plan of making each one of the boys a citizen of some hypothetical community which forms part of a state. They perform all the duties of a citizen, holding elections, and forming the regular political setup of a state under the American constitution. Ralph Adams had the distinction of being elected to Congress in the election held early in the week which was getting up into the top ranks.

Western World. Aug. 10. 1939. p. 9

Principal Hagen states that the high school at Langlois is now well organized and functioning smoothly in all departments. Keen interest is displayed in the activities of the student body with about 90 per cent already enrolled as sustaining members with fees paid. The student body election will be held Friday. The candidates nominated for the presidency are Dorothy Brown and Albert Strain. Initiation of freshmen will be the event on Friday night of next week, gleefully anticipated by the sophomores.

Western World. Sept. 21. 1939. p. 5

The high school girls are already starting basket ball practice under the direction of Miss Davidson. Baseball still holds the attention of the boys.

Langlois

AN EDUCATIONAL CENTER

With the consolidation of school districts, Langlois has during the last twenty years become gradually the educational center of a considerable area and with the building of a fine new high school edifice which was opened for use for the first time Tuesday morning, it may be said that the aims of a succession of school boards and supporters of the somewhat ambitious aims for a small town have been realized. In the county the educational plant at Langlois, inclusive of a very adequate grade school building and the new high school and a large gymnasium, is only excelled by that at Gold Beach.

The schools in Langlois opened Tuesday morning, with several changes and additions in the teaching force. As principal, Mr. Sevy is replaced by Mr. Hagen, last year's science teacher and coach. Miss Esther Davidson, graduate of Pacific University at Forest Grove teaches English and home economics. Lawrence Jolma, of Clatskanie also a graduate of the Pacific University complete the staff.

In the grade school Mrs. Wanda Volck is principal and the other teachers, all new this year, are: Miss Lucille Lambert, of Ashland; Berle Cox, formerly of Bandon and Miss Ida Fay Yocom from Myrtle Creek.

Western World. Sept. 7. 1939 p1

The Langlois Women's club held a reception for the teachers of Langlois on Friday at the W. O. W. hall. A large group was in attendance and the teachers report that a grand time was had and the refreshments were superb. Let's have more get-togethers and keep each other informed of the doings both in and out of school. A parents-teachers association could be organized as a very active community enterprise.

Langlois High School News

The boys of Langlois High have started basketball practice with much enthusiasm and have the confidence that is necessary to make a showing in the strong Curry County League. The principals and coaches of the schools have already decided on the schedule for 1940. We will have a few practice games with Arago and Riverton later this month. We could sure use a handsome cup in our spacious trophy case!

The freshmen have planned a return party for the sophomores and have invited the student body as their guests. The date is set for Friday, Nov. 10. If this party is anything like the initiation held a month ago, everyone can be assured of a grand time.

The girls who have been so busily engaged in the preliminary training for the opening of the basketball season received a very disappointing ruling by the Oregon State Athletic Association this week when they eliminated girl's basketball from the interscholastic program. The ruling states that any school entering into competition with other schools in basketball will be subject to suspension from the Association. We have been wondering what sport could be substituted for basketball; one that could retain the interest and popularity that it has in the past. Girls, we sincerely sympathize with you.

The student body has sanctioned the purchase of two regulation size ping pong tables.

A benefit dance has been planned for the near future by the high school to help finance future activities. A minstrel show has been placed on the calendar and will be presented before the Christmas holidays. It promises to be one of the funniest, laugh-gettingest performances ever presented to the public.

Langlois-Lake District Union Vote Is Monday

COQUILLE, March 21.—(Special) Two school districts practically on a cash basis, Langlois and New Lake, will vote Monday, March 25, on consolidation.

Langlois voters, in Curry county will vote Monday night at their school. New Lake residents will meet Monday night at the Hillis Perkins home.

Langlois is reported on a cash basis now. The Langlois special school levy this year is 10.1 mills and its assessed valuation is \$866,553. New Lake has an assessed valuation of \$110,465 and a tax levy of 14.3 mills. New Lake's school was destroyed by fire three years ago and since then children have been transported to Langlois and transportation has been paid. New Lake is not on a cash basis in the exact sense, but has enough money in its building fund to pay off all warrants in cash if there is a consolidation and the balance is not longer needed for school building.

The play books have arrived for the annual Curry County Play contest and the students have been trying out for the parts. The play selected by the committee was "Johnny Goes Haywire" a one-act comedy with plenty of action occupying the 30 minutes of playing time.

The Langlois high seniors have planned to attend the senior convention to be held in Marshfield on April 10. All the seniors from schools in Coos and Curry counties will be represented at the conclave. It is a meeting based upon orienting the prospective graduates to the problems that arise after one is through with his preliminary education. Representatives of the State Board of Higher Education will lead the discussion groups.

The Langlois High School Board of Education has enthusiastically taken over the sponsorship of the newly-organized Boy Scout troop in Langlois. The following men were selected by the board to the Scout committee: Ralph W. Adams, chairman; Walter Sabin Sr., and Al. Sweet. The committee appointed Clarence Hagen, principal of the high school, to the scoutmastership. Mr. Hagen has called the first meeting for this week to get the boys started on their Tenderfoot tests which must be passed before the charter will be granted to the local troop.
